AUTHORITY TO RECEIVE BIDS ON NEW SCHOOL

The Gettysburg School Authority will receive bids for a new \$185,000 cafeteria and vocational training department addition to the Gettysburg high school Monday evening, October 9, at 8 p.m. in the office of Dr. Lloyd C. Keefauver, superintendent of schools.

Members of the authority said the estimated cost of the addition was an approximate figure, and might vary. The authority held its first meeting Thursday night in the law offices of Swope, Brown and Swope, and organized, with Arthur E. Hutchison as chairman; Charles B. Bender, vice chairman; John W. Hewitt, secretary and Paul B. Fox, treasurer.

Superintendent Keefauver, Paul M. Rohrbaugh, president of the Gettysburg school board, and Ralph Guise, chairman of the planning committee of the Gettysburg jointure, were also present during a discussion of the cafeteria-vocational department addition project as it was explained by Alfred E. Hamme, York architect. The plans prepared by Mr. Hamme, which had previously been approved by the state education department, were accepted by the authority and Hamme named architect. The secretary was directed to advertise for bids. Swope, Brown and Swope were named solicitors for the authority and Saul, Ewing, Remick and Saul, Philadelphia, were named bond counsel.

The authority said it was planned to have the addition built and ready for use at the opening of the school year in September, 1951.

NEW BENEFITS ARE AUTOMATIC

Adams county's 952 men, women and children already entitled to receive Social Security old-age or survivors insurance checks will get automatic increases in the amount of their checks within the next three months, Clarence L. Anstine, manager of the York Social Security field office, said today. The increases, effective with checks covering the month of September, are provided in the recently amended Social Security act.

Mr. Anstine suggested that those already on the Social Security beneficiary rolls refrain from contacting their local Social Security office in this particular instance. He explained that the task of re-writing some three million monthly benefit checks is handled by certifying officers through the nation, and that the local field office has no means of advising beneficiaries of the exact amount of their new benefits or of the specific date the increased amounts will be reflected in their checks.

May Take Three Months
In addition, current recipients of monthly Social Security payments will receive letters from the certifying offices explaining the provisions of the revised Social Security law and assuring beneficiaries that their increased checks will be in the mail as rapidly as it is possible to complete the re-writing job. The complete re-writing task is expected to be finished within three months.

However, Mr. Anstine pointed out, there will be no delay in receipts of monthly Social Security checks in the original figure. These payments will continue to be mailed to current beneficiaries on regular schedule. Those who do not receive the increased amount in their monthly check will find it added to benefit payments they receive in immediately succeeding months. The increased amount will be retroactive in each instance to September 1950.

Young People Will Hear Rev. Swaim

The September meeting of the Fifth District Young People's Council will be held Friday evening, September 15, at 6:15 o'clock in the York Springs fire hall.

Second Biglerville Woman Is Held

Mrs. Mary Sillik, Biglerville, on whose complaint Mrs. Paul Clapsaddle, a neighbor, was arrested and held for a hearing before Justice of the Peace John H. Basehore Wednesday afternoon, on assault and battery and surety of the peace charges, found herself a defendant Thursday on an assault charge.

She was arrested by Constable Charles Smith, who also served the warrant the preceding day on Mrs. Clapsaddle. Arraigned before Justice of the Peace Robert P. Snyder, she was released in \$500 bail for a hearing Monday at 11 a.m. The Clapsaddle hearing before Squire Basehore is scheduled for 10 a.m. The charges the two women have filed against each other are the outgrowth of an argument and fight last Friday, authorities said.

FFA AND SCHOOL DAY IS MARKED AT FAIR GROUND

Today was Future Farmers of America Day and School Day at the South Mountain fair, with youngsters by the thousands thronging the fair grounds this afternoon.

Judging contests in swine, dairy and beef cattle, poultry and potatoes, held for the FFA members of Adams and Franklin counties, attracted much attention this morning, but the big spectator event of the FFA activities was the tractor driving contest held this afternoon.

With John L. Kratzert, New Oxford vocational agriculture teacher in charge, students representing 10 schools in the two counties took part in a series of events testing their skill with the tractor.

Big Crowd Thursday Night
Thursday, with the weather turning warmer, the fair grounds were crowded, and fair officials had to permit parking in the horse show ring.

Two causes forced the decision to turn the horse show ring into a parking area. The first was the fact that about 8,000 people turned out to see the fair; the second was the fact that the passageways between rows of cars have been doubled in size this year to permit ease of entrance and exit.

Attracting much interest at the fair is a German village, constructed by the York Springs 4-H club. First prize winner in the 4-H agriculture clubs exhibit, the display is mounted on an insulation board, with the land formed by plaster of paris and the remainder made of wood. It depicts a typical German farm village and its surrounding lands. Eugene Jauss and Konrad Krayl, two German youths living with Edgar Leer at York Springs, were technical advisors for the construction of the model village.

Second prize in the 4-H agriculture exhibits went to the 4-H Baby Beef club and third to the Brush-town 4-H club. Feeder pig awards were won by Barry Breighner, Littlestown R. 2, first; Evelyn Breighner, Littlestown R. 2; James Behney, York Springs R. 2, third and eighth; Giovanni Duttra, Hanover R. 4; Robert Harbaugh, Fairfield R. 1; Patrick Murren, Hanover R. 4; June Breighner, Littlestown R. 2, and Attlee Breighner, Littlestown R. 2.

4-H prize awards for steers went to Connie Schroll, Fairfield R. 2; Patrick Murren, Hanover R. 4; Edward Reichart, Littlestown R. 2; Roy Weaver, Jr., Gettysburg R. 2; John Todd, Littlestown R. 2; Barton Breighner, Littlestown R. 2; Kenneth Nace, Hanover R. 3; Richard Walton, Hanover R. 4; Barry Breighner, Littlestown R. 2, and Dean Nace, Hanover R. 3.

Typical Sights At South Mountain Fair

Four young ladies enjoy the display of fruits at the South Mountain fair in the upper left photo. In the background are peaches, grapes, pears and apples that won top prizes in the fruit exhibit. Ann Frederick, Arendtsville, is shown at left, receiving a bunch of grapes; Mary Ellen Crawford, Biglerville, is next, holding one end of a basket of fruit; Joy Heckenhuber, Arendtsville, holds the right half of the fruit basket, and Jane Longenecker, Arendtsville, is offering the grapes to Ann.

The Cline youngsters from Peach Glen enjoyed themselves in a 1913 International truck (upper right) on display at the South Mountain fair. Ray Powell, Gettysburg, shown standing beside the truck at left, gave the youngsters permission, and they inveigled mother and dad into getting into the ancient vehicle with them. Gary Cline and Orle Cline are shown standing in the back of the truck, left and right; Dixie Cline, aged 4, is shown at left on the front seat, with Mrs. Orle Cline beside her. Bobbie Miller, Gardner, a cousin of the youngsters, is at right on the truck seat.

Clarence J. Waybright, Gettysburg R. 2, is shown (lower left) looking at a pen of the purebred Hampshires raised on the farm owned jointly by him and his two sons, Richard and Horace Waybright. The purebred animals are the ones being used in a United States Department of Agriculture experiment to determine how Landrace crosses compare when raised under the same conditions as purebred swine.

THEATER GROUP PRESENTS LAST SHOW AT FAIR

The Little Theater group of Adams county presented its concluding performance of the one-act play, "The Red Velvet Coat," at the South Mountain fair Thursday night, before a large audience.

James Herr directed the play, a Mexican folk comedy about a peasant who wanted to buy a goat, and who wrote and produced a play to earn the money to buy it.

Harold Ecker and Mrs. William Stuart, as husband and wife and co-producers, of the play-within-the-play, spiked the action of the play with marital conflicts that resulted from a number of things, but, in particular, from the destruction of a bright red gown of velvet to supply a property for the play.

Fine Performances Given
Mrs. Arthur Roth turned in a fine performance of a Mexican spinstress dismayed with the modern ways of the world, and Harry Wolf, Jr. kept the audience laughing with his interpretation of a peddler's son who was hired as the prompter for the play.

Love interest in the play was supplied by Ruth Jean Diehl and James Tyson, and the leading roles were well supported by a cast that included Pat Killalea, Robert Smith and Charles W. Harbaugh.

Immediately preceding the performance the cast and its director were interviewed over Radio Station WGCT.

All Adams countians interested in any form of theatrical work are invited to join The Little Theater group. The next scheduled meeting will be held in the new room in the basement of the Adams county court house on Monday evening at 7:30 o'clock.

Immediately following Thursday night's performance, the director, cast and friends were entertained with a party at the home of Mr. and Mrs. Charles W. Harbaugh in Biglerville. Mr. and Mrs. Dean Asquith presented an original Mexican story which Mrs. Asquith read to the assembled guests.

The college later recommended three doctors and three courses of study from which the region might take its choice. At a recent meeting of the regional board in Philadelphia it selected Dr. Eloise Lemon for study in oncology, which is cancer teaching in the medical-social relationship study of the need for professional home care of indigent non-hospitalized patients with cancer. Front Quiet While Reds Gather For New Attack

By RUSSELL BRINES

Tokyo, Saturday, Sept. 9 (AP)—Allied troops hacked out slight gains at opposite ends of the rain-lashed Korean war front Friday against dangerously rebuilding Red forces.

Little fighting took place on the whole 120-mile battlefield. Americans surmised this meant a North Korean buildup during the lull for a new offensive smash.

A U. S. 8th Army spokesman said the Red drive by 50,000 men on Taegu, main Allied base on the central front, had "petered out," probably from lack of supplies and sufficient manpower for the present.

Back of Drive Broken
The Reds had pushed to within seven miles of Taegu before the U. S. First Cavalry Division and South Koreans broke the back of their drive.

General MacArthur's Tokyo headquarters summary early Saturday confirmed this general picture of the front. It said in the northern sector enemy pressure continued but had diminished while the defense front remained intact.

Near the east, it noted that Allied forces continued to hold Yongchon and advanced against slight enemy resistance.

General MacArthur's headquarters warned of a possible new offensive either in the southwest, north or east.

Order Civilians Out
The buildup seemed greatest on the southern coastal approaches to Pusan port, chief Allied base in Korea. In Masan port, 27 airline miles west of Pusan, Allied authorities ordered removal of all civilians not needed in the war effort.

The order was issued when a Communist buildup west of the city was noted and U.N. forces were warned 100 Red agents infiltrated the city to stir up trouble. About 5,000 of the normal 75,000 population were moved out in the first batch.

Heaviest fighting of the 24-hour period up to Friday noon was in the southwest.

Believe Supplies Low
But the Red attacks there, on the central front, and along the east coast were halted as rain drummed down on the battlefields. A U. S. 8th Army spokesman in Korea said the fourth Communist effort to drive American and South Korean troops into the sea had "petered out."

He also told AP Correspondent Jack MacBeth: "We believe they are running out of ammunition, supplies, men and other things necessary to press an attack."

The Communists kept the Allies guessing as to where their next drive would start. The whole front could flame into a roaring battle again shortly.

MOTHERS' CLUB MAKING PLANS FOR RECEPTION

Plans for the annual reception to be held for the local Sisters of Mercy September 28 from 7 to 9 o'clock were outlined Thursday evening at a meeting of the Mothers' club of St. Francis Xavier Catholic school.

Arrangements were completed, it was announced, for the rummage sale to be held by the organization September 22 and 23 at the Leatherman rooms in Lincoln Square.

The report of the auditing committee, Mrs. Virginia Hemler, Mrs. Ann McDermitt and Mrs. Sarah A. Roth, was accepted as read.

A committee including Mrs. Helen Codori, Mrs. Eleanor Culp, Mrs. John Coleman and Mrs. Marie Yingling was appointed to visit different schools which already have catered, to learn how they are operated, with the group to report in connection with the possibility of establishing a cafeteria at the local parochial school.

The Rev. Fr. Anthony Kane, rector of St. Francis Xavier church, spoke to the club, praising the members for their activities in connection with the school.

Mrs. Sarah A. Roth, the president, announced that the next meeting of the group will be held October 5. At that time arrangements will be made to provide breakfast for students of the school who receive Communion at the First Friday mass October 6.

Front Quiet
While Reds
Gather For
New Attack

By RUSSELL BEINES

Tokyo, Saturday, Sept. 9 (AP)—Allied troops hacked out slight gains at opposite ends of the rain-lashed Korean war front Friday against dangerously rebuilding Red forces.

Little fighting took place on the whole 120-mile battlefield. Americans surmised this meant a North Korean buildup during the lull for a new offensive smash.

A U. S. 8th Army spokesman said the Red drive by 50,000 men on Taegu, main Allied base on the central front, had "pettered out," probably from lack of supplies and sufficient manpower for the present.

Back of Drive Broken

The Reds had pushed to within seven miles of Taegu before the U. S. First Cavalry Division and South Koreans broke the back of their drive.

General MacArthur's Tokyo headquarters summary early Saturday confirmed this general picture of the front. It said in the northern sector enemy pressure continued but had diminished while the defense front remained intact.

Near the east, it noted that Allied forces continued to hold Yongchon and advanced against slight enemy resistance.

General MacArthur's headquarters warned of a possible new offensive either in the southwest, north or east.

Order Civilians Out

The buildup seemed greatest on the southern coastal approaches to Pusan port, chief Allied base in Korea. In Masan port, 27 airline miles west of Pusan, Allied authorities ordered removal of all civilians not needed in the war effort.

The order was issued when a Communist buildup west of the city was noted and U.N. forces were warned 100 Red agents infiltrated the city to stir up trouble. About 5,000 of the normal 75,000 population were moved out in the first batch.

Heaviest fighting of the 24-hour period up to Friday noon was in the southwest.

Believe Supplies Low

But the Red attacks there, on the central front, and along the east coast were halted as rain drummed down on the battlefields. A U. S. 8th Army spokesman in Korea said the fourth Communist effort to drive American and South Korean troops into the sea had "pettered out."

He also told AP Correspondent Jack MacBeth: "We believe they are running out of ammunition, supplies, men and other things necessary to press an attack."

The Communists kept the Allies guessing as to where their next drive would start. The whole front could flame into a roaring battle again shortly.

MOTHERS' CLUB
MAKING PLANS
FOR RECEPTION

Plans for the annual reception to be held for the local Sisters of Mercy September 28 from 7 to 9 o'clock were outlined Thursday evening at a meeting of the Mothers' club of St. Francis Xavier Catholic school.

Arrangements were completed, it was announced, for the rummage sale to be held by the organization September 22 and 23 at the Leatherman rooms in Lincoln Square.

The report of the auditing committee, Mrs. Virginia Hemler, Mrs. Ann McDermitt and Mrs. Sarah A. Roth, was accepted as read.

A committee including Mrs. Helen Codori, Mrs. Eleanor Culp, Mrs. John Coleman and Mrs. Marie Yingling was appointed to visit different schools which already have caterers, to learn how they are operated, with the group to report in connection with the possibility of establishing a cafeteria at the local parochial school.

The Rev. Fr. Anthony Kane, rector of St. Francis Xavier church, spoke to the club, praising the members for their activities in connection with the school.

Mrs. Sarah A. Roth, the president, announced that the next meeting of the group will be held October 5. At that time arrangements will be made to provide breakfast for students of the school who receive Communion at the First Friday mass October 6.

THEATER GROUP
PRESENTS LAST
SHOW AT FAIR

The Little Theater group of Adams county presented its concluding performance of the one-act play, "The Red Velvet Goat," at the South Mountain fair Thursday night, before a large audience.

James Herr directed the play, a Mexican folk comedy about a peasant who wanted to buy a goat, and who wrote and produced a play to earn the money to buy it.

Harold Ecker and Mrs. William Stuart, as husband and wife and co-producers of the play-within-the-play, spiked the action of the play with marital conflicts that resulted from a number of things, but, in particular, from the destruction of a bright red gown of velvet to supply a property for the play.

Fine Performances Given

Mrs. Arthur Roth turned in a fine performance of a Mexican spinster dismayed with the modern ways of the world, and Harry Wolf, Jr., kept the audience laughing with his interpretation of a peddler's son who was hired as the prompter for the play.

Love interest in the play was supplied by Ruth Jean Diehl and James Tyson, and the leading roles were well supported by a cast that included Pat Killalea, Robert Smith and Charles W. Harbaugh.

Immediately preceding the performance the cast and its director were interviewed over Radio Station WGEE.

All Adams countians interested in any form of theatrical work are invited to join The Little Theater group. The next scheduled meeting will be held in the new room in the basement of the Adams county court house on Monday evening at 7:30 o'clock.

Immediately following Thursday night's performance, the director, cast and friends were entertained with a party at the home of Mr. and Mrs. Charles W. Harbaugh in Biglerville. Mr. and Mrs. Dean Asquith presented an original Mexican story which Mrs. Asquith read to the assembled guests.

Two men were injured, neither seriously, when a car struck a utility pole and a fence about 4:10 o'clock this morning one-fourth mile north of Hampton on the York Springs-Cross Keys road.

Lester Eugene Mummert, aged 18, Hanover, who state police said was the driver of the car allegedly fell asleep. The car crossed the road and struck the pole. Damage totaled \$400.

Mummert suffered a possible fracture of a finger of the left hand. An occupant of the car, Elmer Pauley, Littlestown R. 3, had a laceration of the head. They were treated by a Hanover doctor.

State police are continuing their investigation.

MOOSE GIVEN
REPORTS ON 2
CONVENTIONS

Activities at the international and state conventions of the Loyal Order of Moose were outlined by delegates Thursday evening at the regular meeting of the Moose lodge at its home on York street.

Governor Stephen C. Smith and Secretary Charles L. Lauer, reporting on the international convention at Chicago, said that Oliver Twist, Philadelphia, who spoke here July 9 at an initiation held by the local Moose, was elected supreme governor of the organization which has clubs in the United States, Canada and England.

Smith and Lauer also reported on the dedication of the "House of God," newly constructed chapel at the Moose home for orphans of members, near Chicago at Mooseheart.

Built by donations from all Moose lodges, including the local unit, the stone church, which holds 800, will be used for Catholic, Protestant and Jewish services for the children at Mooseheart. Taking part in the dedication representing the three faiths were Dr. Daniel A. Poling, Rt. Rev. Msgr. Nicholas H. Wegner and Frank Goldman.

Next development at Mooseheart will be the construction of a new high school, Lauer said. He reported that the treasury department presented a liberty bell replica to Willis Donley, retiring supreme governor, who visited here last April, as an expression of appreciation for the part the Moose played in the recent savings bond drive.

Governor Smith, C. Lester Oyler and Clifford Harman reported on the state convention held at Allentown over the Labor Day week-end. Among plans discussed there was a "Moose Brotherhood" membership drive.

SEE RUSS DESIRE TO KEEP CLASH IN "DIPLOMACY"

By JOHN M. HIGHTOWER
Washington, Sept. 7 (AP)—Russia's handling of the Korean plane incident was regarded by diplomats here today as evidence that the Soviet still wants to confine its conflict with the United States to diplomatic clashes.

That is the aim, too, of the American government in its relations with the Soviet-Communist bloc. In addition the United States has displayed in the present incident a determination not to deal directly with Moscow on a matter which it contends involves the United Nations.

The point with respect to Russian policy is important because American authorities are convinced that incidents of this kind will occur in the future as, in fact, they have occurred in the past.

Two American aircraft were shot down by Yugoslavia in 1946 when that country was still firmly tied to the Soviet. A United States naval plane was destroyed over the Baltic sea last April, allegedly by Soviet fighters. Only last month Red China charged that American aircraft had strafed an air strip in Manchuria.

and the United States conceded in the U.N. that was "a possibility."

Informed officials say incidents of this kind are frequently the result of the fact that airplanes do not follow the same rules of control as other means of travel or attack in war. Boundary lines are more often than not obscure from the air. One vessel may look very much like another.

Even when the causes of the affair are initially innocent, an incident is quickly caught up in the atmosphere of hatred and suspicion which now dominates relations between the Communist countries and the rest of the world.

The first Russian reaction was a Moscow broadcast of a note which Foreign Minister Andrei Vishinsky handed to U.S. Ambassador Alan G. Kirk in the Soviet capital yesterday. Kirk declined to accept the note on grounds the matter was one for the United Nations.

A short time later Russia formally presented the case to the U.N. Security Council.

In mid-afternoon a woman messenger who did not speak English showed up at the State Department and handed a white envelope to a receptionist in the lobby. She walked out without explanation.

The department's Russian experts quickly determined that it was the protest which Kirk had refused in Moscow. Thereupon a State Department messenger delivered the message back to the Soviet embassy without comment.

Emmitsburg POLICE LAUD VFW POST FOR RESCUE WORK

The Emmitsburg Veterans of Foreign Wars, meeting Wednesday evening at the post home on Center Square in Emmitsburg, voted \$500 toward St. Anthony's parochial school and received a commendation from the Maryland State Police for their excellent work in connection with the recent Army plane crash near Emmitsburg.

In the motion to donate \$500 to St. Anthony's for the betterment of the parochial school facilities there, the membership directed that \$300 of the amount be applied to the school sanitation project and \$200 be utilized "to the best advantage" for the construction of playground equipment.

The members suggested that swings, seesaws and perhaps a sliding board could be purchased with the money.

Commander Wales Rightnour noted that "The Veterans of Foreign Wars organization is vitally interested in the youth of our community. We feel that a wholesome, well-rounded youth training program now will produce in the near future better American citizens—Americans whom we know will dutifully accept the responsibilities and rewards of the American way of life."

In a letter to the post Capt. Charles W. Magaha, commanding officer of Troop B, of the Maryland State Police, noted: "I would like to take this opportunity to thank the entire post, and particularly the members of your ambulance team for the splendid cooperation they have given the Department of Maryland State Police since its inception. "A very good example of their cooperation was displayed on the night of August 30, 1950, when a U. S. Air Force P-84 fighter exploded and crashed near your city. Enroute to the scene, I asked our troops to get the team out to the scene and help them secure the scene until I had sufficient troopers present to take this job over. As usual, I found that they were already there and were doing a bang-up job."

Maintain Rescue Squad
Members of the ambulance crew who assisted in the work, Commander Rightnour said, included John Garner, Greta Keitholtz and Thomas Gingell. They reached the scene in a matter of minutes and remained throughout the night.

A rescue squad of 21 men trained in rescue work and emergency first aid is maintained by the post to provide 24-hour free service to the community, Rightnour said. He added that with the recent addition of an inhalator-resuscitator oxygen system unit, special crash rescue tools and fire extinguishing equipment, the VFW ambulance has become one of the most completely equipped emergency vehicles in the area. It responded to 165 calls last year, 45 of which were emergency operations, according to Eugene Kraemer, ambulance operation chairman.

The VFW also voted to replace the exterior of the post home and buy a new set of tires and battery for the ambulance.

Electric Scoreboard, More Stands Among Improvements Underway On High School Athletic Field

Improvements entailing the expenditure of thousands of dollars are underway at the Gettysburg high school athletic field which will give it one of the finest setups in this area and is certain to prove extremely popular to the thousands of fans who attend the football contests.

Foremost in the added features will be the new electric scoreboard, erected at the west end of the field at the cost of \$1,500.

A \$750 donation from the Aero Oil company through the efforts of M. David DeTar, president, and a long time athletic booster locally, has been used to help defray the scoreboard costs.

The high school Athletic association is making up the balance and is also sponsoring other improvements. The scoreboard is 17½ feet long and nine feet high. It has an eight-foot time dial. Electric numerals will show which team is in possession of the ball, the number of downs, number of yards to go and the four lights at the bottom will indicate the quarter.

Official To Be Tethered
A control cable to a pole on the 50-yard line has been erected and from that point a game official will use an extended cable in recording the official time on the clock. The remainder of the scoreboard will be operated from the press box.

New bleachers are being erected on the wings of the present north side, or home side of the field which will boost the seating capacity to 3,500.

On either end of the present stands 42-foot additions are being made with stands conforming to the present type. Bleachers will extend practically from goal line to goal line.

Steel for the new stands was secured from the C. Frank Glass company, Harrisburg, at a cost of \$4,500. McDermitt Brothers of Gettysburg are placing the concrete piers upon which the stands will rest. All will be in readiness for the opening game here Friday evening, September 15, with Westminster high.

Fence Moved Back
Improvements have also been made on the south side or visitors' side of the field. The wire fence has been moved back six feet by

the Cyclone Fence company at a cost of approximately \$500.

The McDermitt workmen are now completing concrete piers for moving the stands back which will mean that they will now be permanently back of the track. The cost of this phase of work will be approximately \$1,200.

Recently the local Veterans of Foreign Wars post donated a movie camera and provided an allowance of funds for its operation to the high school for functions which will include football contests.

With ample seating now provided at all games, a new scoreboard and other improvements, crowds are expected to be even greater during the coming seasons.

The improvements made and being made have been long needed and are certain to find local fandom grateful.

5 LOOPS CARD PLAYOFF TILTS THIS WEEK-END

Baseball teams of Adams county who finished among the top four positions of their respective leagues, will be involved in important playoff championship games over the week-end.

On Saturday the second round games in the Adams county circuit will be staged. The Hanover Moose, forfeit winners last week, will meet the Conewago VFW on the Arentsville diamond. Also scheduled for Saturday will be a clash between New Oxford and Fairfield on the latter's field. Last Saturday New Oxford won a thriller from Fairfield 11-10.

Gettysburg's fourth place team in the South Penn league will play at Green Springs Sunday at 2 p.m. when that circuit opens its playoffs. Green Springs finished second in the league. Hunterstown tangles with Greentown, regular league season finalists, at Greentown. Both series will be on the basis of a best-of-three affair.

The Penn-Adams loop will also stage its initial playoff games Sunday at 2. Third-place Cashtown will meet Fairfield, season champs, at Fairfield, while fourth-place Bendersville will engage second-place Wensville on the Arentsville field. Rain and wet grounds forced the Penn-Maryland and Pen-Mar leagues to postpone their opening playoffs until this Sunday.

Albert, Bison Ace, Threat To Bullets

Lewisburg, Sept. 8 — A leading ground gainer as a halfback, Bob Albert is proving that his running from the fullback position this fall will give the Bucknell Bisons an automatic punch during the 1950 football season.

Albert was runner-up in the rushing department last autumn, trailing only Jim Ostendorf for team honors. The 186-pounder averaged nearly four yards per carry in his first varsity campaign and will be one of Bucknell's big threats in the opener here Saturday night, September 23, against Gettysburg college.

In the present setup, the Mt. Lebanon athlete will be called on to do considerable blocking, an assignment which he fulfilled in fine fashion as a sophomore. But when the Bisons lack a couple of yards for a first down or a touchdown, Albert will be the man to go for the necessary yardage.

Interstate League

The pennant-winning Wilmington Blue Rocks need a win tonight to bolster their hopes in the interstate league's semi-final playoff series.

The Rocks lost to the third-place Harrisburg Senators 10-7 last night. Harrisburg now boasts two wins to Wilmington's lone victory in the best-of-seven set.

The fourth-place Trenton Giants came to life last night in their semi-final series with the Hagerstown Braves to win 10-1. Hagerstown had won the first two games of the series.

Harrisburg battled from behind in defeating Wilmington. The Rocks took an early 6-2 lead but the Senators roared back with eight runs in the fifth frame.

Trenton's Ed Monahan limited Hagerstown to eight scattered hits. The Braves' lone run was an unearned tally in the fifth. Dick Shellenbach reached first on an error and scored on Jesse Levan's double with two out.

Wilmington will remain at Harrisburg for the fourth and fifth games of its series tonight and tomorrow. Hagerstown plays at Trenton again tonight and on Saturday afternoon. The sixth and seventh games, if necessary, will be played at Wilmington and Hagerstown.

GHS Games Will Be Aired By WGET

Announcement was made this morning by George Forney, Gettysburg high school athletic director, that home football games of Gettysburg high school will be broadcast by station WGET.

The first game to be aired will be the opener with Westminster high here Friday evening, September 15.

Bullets Get High Spot In Preview

Gettysburg college grid squad gets a high ranking in the article, "Pigskin Preview," by Fred Russell, which appears in the current issue of "The Saturday Evening Post."

The Bullets are ranked second in the "best of the rest" choices of the East, Lehigh topping that group. Bucknell is chosen third in the group.

In his comment Russell says, "Gettysburg might go through undefeated 'if it handles Bucknell.' The Bullet-Bucknell game will be played September 23 at Lewisburg. Also selected as one of the outstanding backs to watch in the East is Dwight Speaker, the Bullets' brilliant runner."

DETROIT BACK IN LEAD; PHILS DOWNED AGAIN

By RALPH RODEN
(Associated Press Sports Writer)
The Detroit Tigers are back on top in the pulse-pounding American league pennant race today but they had one eye cocked on Steve O'Neill's Boston Red Sox, moving up fast on the outside.

Boston, which has just defeated the New York Yankees in two straight games, is the hottest team in the league. The millionaires have won 20 of their last 23 games, including 18 of 19 in their own Fenway park.

Their two victories over the Yanks knocked the New Yorkers out of the lead and restored Detroit to the top by the skimpy margin of two percentage points. The snorting Sox are third, a game and a half behind.

Creating almost as much furor as the Red Sox are the Brooklyn Dodgers in the National league chase. The Brooks have knocked off the league-leading Philadelphia Phils three straight times in the Quaker city to move to within 4½ games of Eddie Sawyer's reeling whiz kids.

Sox Face Road Trip
The big question facing the Red Sox is: Can they keep up their terrific pace on the road? Or will they tail off as in the last two seasons? They hit the rails after a week-end series with the Philadelphia Athletics, whom they've beaten eight straight at Boston.

Boston's road record is 33-32 compared to 49-19 in their own ballpark. The Rex Sox road record against contenders is pretty sad. They have won only two of seven in Cleveland, three of six in New York and four of nine in Detroit.

The Sox and Yanks are idle today while the Tigers take on the sixth-place White Sox in Chicago. Both the Red Sox and Tigers had on their hitting clothes yesterday. The Sox outslugged the Yanks, 10-8, while the Tigers battled the Cleveland Indians to a slambang 13-13 10-inning tie that was halted by darkness.

Reading, Pa.—Ted Kroll shot a 64, equaling the meet record, to take the first round lead in the Reading Open tournament.

The Red Sox pounded four Yankee pitchers for 12 hits with big Walt Dropo leading the way. Dropo drove home five runs on a double and his 31st and 32nd home runs.

Williams Returns
Ted Williams of the Red Sox made his first appearance since he was injured in the all-star game and received a tremendous ovation. Ted, pinch hitting in the fifth, was intentionally walked.

The Tigers waged an uphill battle to tie the Indians. The Indians jumped on Art Houtteman for seven runs in the first inning. Detroit came right back and disposed of Feller in their half with four runs and squared matters at 7-7 at the end of the fifth.

The Indians entered the eighth leading, 11-9, but Hoot Evers socked a two-run homer to send the game into overtime. Larry Doby clouted a two-run homer for Cleveland in the top of the 10th but the Tigers came right back to tie on a fly ball and pinch-hitter Charley Keller's single. Evers pounded two triples, a double and single in addition to his homer.

In other American league games Dick Starr pitched the St. Louis Browns to a 6-0 victory over the Chicago White Sox and Philadelphia downed Washington, 4-2.

A brilliant relief stint by Ralph Branca in the eighth and ninth featured Brooklyn's 3-2 conquest over the Phils in a night game at Philadelphia.

Branca relieved winner Carl Erskine in the eighth inning after Richie Ashburn tripled to begin the frame and promptly struck out Willie Jones and Del Ennis and got Jack Mayo to foul out. He nailed

Snook Breaks Leg; Dickson To Return

A stiff blow was dealt to the Gettysburg college football squad during scrimmage Thursday afternoon when Lee Snook, 190-pound junior back, suffered a fracture of his left leg near the knee and will be lost for the season.

Snook had been one of Coach "Hen" Bream's most promising candidates this season. He was a letter-winner last year and scored the touchdown which beat Bucknell as the game ended.

Carl Wanamaker, 185-pound sophomore tackle, received a dislocated shoulder and will be lost for some time.

However, all news from the college camp is not bad. Coach Bream revealed today that Bob Dickson, 205-pound sophomore tackle from LeMayne, will join the squad over the week-end. Dickson had been unable to report due to an attack of pneumonia.

The Phils in order in the ninth. Ennis homered to account for both Philadelphia runs.

The third-place Boston Braves also gained ground by stopping the New York Giants, 6-4.

Cincinnati edged Pittsburgh, 6-4. Ralph Kiner slugged his 43rd homer for the Pirates.

Bob Rush pitched Chicago to a 4-2 victory over the Cards at St. Louis. Hal Rice got both Card hits, a fifth-inning single and eighth-inning homer.

Regimental song of the Seventh Cavalry is "Garry Owen."

Eastern League

(By The Associated Press)
The Albany Senators, belated bid for a playoff berth in the Eastern league is gaining momentum, but they may have started the surge too late.

Albany ran its current string of victories to six games last night by thumping the Elmira Pioneers, 10-0, while the fourth-place Utica Blue Sox were losing to last-place Scranton, 11-8.

The Senators, who pulled within a game and a half of Utica, have four games remaining on their schedule. All are against sixth-place Williamsport.

The Blue Sox have only three games to go. In each they face the champion Wilkes-Barre Indians. In other games last night, Wilkes-Barre downed second-place Binghamton, 6-4, and third-place Hartford dumped Williamsport, 3-1.

Electric Scoreboard, More Stands Among Improvements Underway On High School Athletic Field

Improvements entailing the expenditure of thousands of dollars are underway at the Gettysburg high school athletic field which will give it one of the finest setups in this area and is certain to prove extremely popular to the thousands of fans who attend the football contests.

Foremost in the added features will be the new electric scoreboard, erected at the west end of the field at the cost of \$1,500.

A \$750 donation from the Aero Oil company through the efforts of M. David DeTar, president, and a long time athletic booster locally, has been used to help defray the scoreboard costs.

The high school Athletic association is making up the balance and is also sponsoring other improvements.

The scoreboard is 17½ feet long and nine feet high. It has an eight-foot time dial. Electric numerals will show which team is in possession of the ball, the number of downs, number of yards to go and the four lights at the bottom will indicate the quarter.

A control cable to a pole on the 50-yard line has been erected and from that point a game official will use an extended cable in recording the official time on the clock. The remainder of the scoreboard will be operated from the press box.

New bleachers are being erected on the wings of the present north side, or home side of the field which will boost the seating capacity to 3,600.

On either end of the present stands 42-foot additions are being made with stands conforming to the present type. Bleachers will extend practically from goal line to goal line.

McDermitt Brothers of Gettysburg are placing the concrete piers upon which the stands will rest. All will be in readiness for the opening game here Friday evening, September 15, with Westminster high.

Fence Moved Back
Improvements have also been made on the south side or visitors' side of the field. The wire fence has been moved back six feet by

the Cyclone Fence company at a cost of approximately \$600.

The McDermitt workmen are now completing concrete piers for moving the stands back which will mean that they will now be permanently back of the track. The cost of this phase of work will be approximately \$1,200.

Recently the local Veterans of Foreign Wars post donated a movie camera and provided an allowance of funds for its operation to the high school for functions which will include football contests.

With ample seating now provided at all games, a new scoreboard and other improvements, crowds are expected to be even greater during the coming seasons.

DETROIT BACK IN LEAD; PHILS DOWNED AGAIN

By RALPH RODEN

(Associated Press Sports Writer)

The Detroit Tigers are back on top in the pulse-pounding American league pennant race today but they had one eye cocked on Steve O'Neill's Boston Red Sox, moving up fast on the outside.

Boston, which has just defeated the New York Yankees in two straight games, is the hottest team in the league. The millionaires have won 20 of their last 23 games, including 18 of 19 in their own Fenway park.

Their two victories over the Yanks knocked the New Yorkers out of the lead and restored Detroit to the top by the skimpy margin of two percentage points. The snorting Sox are third, a game and a half behind.

Creating almost as much furor as the Red Sox are the Brooklyn Dodgers in the National league chase. The Brooks have knocked off the league-leading Philadelphia Phils three straight times in the Quaker city to move to within 4½ games of Eddie Sawyer's reeling whiz kids.

Sox Face Road Trip
The big question facing the Red Sox is: Can they keep up their terrific pace on the road? Or will they tail off as in the last two seasons? They hit the rails after a week-end series with the Philadelphia Athletics, whom they've beaten eight straight at Boston.

Boston's road record is 33-32 compared to 49-19 in their own ballpark. The Red Sox road record against contenders is pretty sad. They have won only two of seven in Cleveland, three of six in New York and four of nine in Detroit.

The Sox and Yankees are idle today while the Tigers take on the sixth-place White Sox in Chicago.

Both the Red Sox and Tigers had on their hitting clothes yesterday. The Sox outslugged the Yankees, 10-8, while the Tigers battled the Cleveland Indians to a slambang 13-13 10-inning tie that was halted by darkness.

Emmitsburg POLICE LAUD VFW POST FOR RESCUE WORK

The Emmitsburg Veterans of Foreign Wars, meeting Wednesday evening at the post home on Center Square in Emmitsburg, voted \$500 toward "St. Anthony's" parochial school and received a commendation from the Maryland State Police for their excellent work in connection with the recent Army plane crash near Emmitsburg.

In the motion to donate \$500 to St. Anthony's for the betterment of the parochial school facilities there, the membership directed that \$300 of the amount be applied to the school sanitation project and \$200 be utilized "to the best advantage" for the "construction of playground equipment."

The members suggested that swings, seesaws and perhaps a sliding board could be purchased with the money.

Commander Wales Rightmire noted that "The Veterans of Foreign Wars, organization is vitally interested in the youth of our community. We feel that a wholesome, well-rounded youth training program now will produce in the near future better American citizens—Americans whom we know will dutifully accept the responsibilities and rewards of the American way of life."

In a letter to the post, Capt. Charles W. Mahan, commanding officer of Troop B, of the Maryland State Police, noted: "I would like to take this opportunity to thank the entire post, and particularly the members of your ambulance team for the splendid cooperation they have given the Department of Maryland State Police since its inception. 'A very good example of their cooperation was displayed on the night of August 30, 1950, when a U. S. Air Force F-84 fighter exploded and crashed near your city. Enroute to the scene, I asked our troops to get the team out to the scene and help them secure the scene until I had sufficient troopers present to take this job over. As usual, I found that they were already there and were doing a bang-up job."

Maintain Rescue Squad
Members of the ambulance crew who assisted in the work, Commander Rightmire said, included John Garner, Greta Keilholz and Thomas Gilling. They reached the scene in a matter of minutes and remained throughout the night.
A rescue squad of 21 men trained in rescue work and emergency first aid is maintained by the post to provide 24-hour free service to the community. Rightmire said, he added that with the recent addition of an inhalator-resuscitator oxygen system unit, special crash rescue tools and fire extinguishing equipment, the VFW ambulance has become one of the most completely equipped emergency vehicles in the area. It responded to 165 calls last year, 45 of which were emergency operations, according to Eugene Kraemer, ambulance operation chairman.

The VFW also voted to repair the exterior of the post home and buy a new set of tires and battery for the ambulance.

75 Candidates Report for Practice:

Today's Talk

By GEORGE MATTHEW ADAMS
VARIETY

Every time I look into a brilliant starlit sky I wonder over the variety of stars and planets. And there are probably billions of them that no eye has ever seen, not even with the most powerful telescope.

In Nature there is an endless variety of flowers, birds and animals, as well as minerals, trees, hills, mountains, streams and bodies of water, each upon a separate mission. Human beings are apt to become restless and dissatisfied if they do not have a variety of interests to stimulate their minds. Variety has been called the spice of life — and who can dispute it?

The happiest people are those who have a variety of things to do. They are not in the bored class, nor do they invite boredom! They go about their work, tuned by an inward song. Variety gives incentive, desire, and the will to inquire, experiment, and achieve.

Take the bird kingdom. I have always wondered why there were so many varieties of the same type of bird—each one to be distinguished by some minor marking or color. Then there are varieties in different localities, for example Florida has its type of jay, so does Nova Scotia, and nearly everyone is familiar with the scrappy blue jay. And there are endless varieties of sparrows and warblers.

There are millions of human beings, yet not a single one exactly the same as another. Our Creator didn't want any of us to run out of the desire to know more! He planted curiosity within us all, the urge to know more, and thus to take on new interest in life. Nothing leads to happiness and personal contentment, like a variety of interests. A person could devote a lifetime to the study of a single animal or bird, and still die with things yet to know about it.

Fabre gave a lifetime to the study of insects, yet he did not exhaust the subject. Others, following him, are adding to the knowledge that he left behind. It is learning about many things that stimulates our imagination, and makes educated people of us.

Tomorrow Mr. Adams will talk on the subject: "The Colorings of Years."

RELATED TRIBUTE
My grandma on my mother's side
Was grandma's second wife
But still with loving care she tried
To train me well for life.
She often took me on her knee
And told entrancing tales to me.

The grandma that I never knew
Could not have loved me more,
Or happier seem to be to do
What children hunger for.
No sweeter smiles I should have known,
Had I been grandson of her own.

'Tis very late this tribute now,
Since long has she been gone;
And there is silver on my brow,
For I am getting on.
But lucky was I born to be
To have a grandma such as she.

Warm were the welcomes when we went
To grandma's for a day;
Now, all the happy hours I spent
With her in memory stay.
I never learned 'til late in life
That she was grandma's second wife.

GOP Leaders Finish Party's Platform

Pittsburgh, Sept. 8 (AP)—Pennsylvania Republican leaders put the finishing touches today to a state platform which they hope will carry the party to victory in the November 7 general election. The platform will be presented to the GOP State committee here tomorrow for formal adoption.

The party's platform committee, headed by Fred E. Peters, of Montgomery county, has been working for months in an effort to hammer out a strong vote-luring platform.

Although the platform has been a tightly kept secret so far, major planks are reported to be built around the subjects of communism, corruption and the Korean war.

In addition, Philadelphia city Republican leaders have called for inclusion of a plank for creation of a state water authority to bring the Quaker city drinking supply from a Pocono watershed.

75 Candidates Report for Practice:

Today's Talk

By GEORGE MATTHEW ADAMS
VARIETY

Every time I look into a brilliant starlit sky I wonder over the variety of stars and planets. And there are probably billions of them that no eye has ever seen, not even with the most powerful telescope.

In Nature there is an endless variety of flowers, birds and animals, as well as minerals, trees, hills, mountains, streams and bodies of water, each upon a separate mission. Human beings are apt to become restless and dissatisfied if they do not have a variety of interests to stimulate their minds. Variety has been called the spice of life — and who can dispute it?

The happiest people are those who have a variety of things to do. They are not in the bored class, nor do they invite bores! They go about their work, tuned by an inward song. Variety gives incentive, desire, and the will to inquire, experiment, and achieve.

Take the bird kingdom I have always wondered why there were so many varieties of the same type of bird—each one to be distinguished by some minor marking or color. Then there are varieties in different localities, for example Florida has its type of jay, so does Nova Scotia, and nearly everyone is familiar with the scrappy blue jay. And there are endless varieties of sparrows and warblers.

There are millions of human beings, yet not a single one exactly the same as another. Our Creator didn't want any of us to run out of the desire to know more! He planted curiosity within us all, the urge to know more, and thus to take on new interest in life. Nothing leads to happiness and personal contentment, like a variety of interests. A person could devote a lifetime to the study of a single animal or bird, and still die with things yet to know about it.

Fabre gave a lifetime to the study of insects, yet he did not exhaust the subject. Others, following him, are adding to the knowledge that he left behind. It is learning about many things that stimulates our imagination, and makes educated people of us.

Tomorrow Mr. Adams will talk on the subject: "The Colorings of Years."

BELETED TRIBUTE

My grandma on my mother's side
Was grandma's second wife
But still with loving care she tried
To train me well for life.
She often took me on her knee
And told entrancing tales to me.

The grandma that I never knew
Could not have loved me more,
Or happier seem to be to do
What children hunger for.
No sweeter smiles I should have known,
Had I been grandson of her own.

'Tis very late this tribute now,
Since long has she been gone;
And there is silver on my brow,
For I am getting on.
But lucky was I born to be
To have a grandma such as she.

Warm were the welcomes when we went
To grandma's for a day;
Now, all the happy hours I spent
With her in memory stay.
I never learned, 'til late in life,
That she was grandma's second wife.

Paris, Sept. 8 (AP)—Sweeping down at dawn Thursday, French police rounded up 208 foreign Communists, including some Russians. There were indications that the police had hoped to grab 300 suspected spies and saboteurs but found many were absent from their hotels or residences.

Party's Platform**

Pittsburgh, Sept. 8 (AP)—Pennsylvania Republican leaders put the finishing touches today to a state platform which they hope will carry the party to victory in the November 7 general election. The platform will be presented to the GOP State committee here tomorrow for formal adoption.

The party's platform committee, headed by Fred E. Peters, of Montgomery county, has been working for months in an effort to hammer out a strong vote-luring platform. Although the platform has been a tightly kept secret so far, major planks are reported to be built around the subjects of communism, corruption and the Korean war.

In addition, Philadelphia city Republican leaders have called for inclusion of a plank for creation of a state water authority to bring the Quaker city drinking supply from a Pocono watershed.

Sunday School Lesson

By

Rev. Dr. Howard R. and Margaret C. Gold

JOHN MARK, WHO MADE GOOD
Acts 12:12, 25; 13:4-5, 13; 15:36-40
Memory selection: 1 can do all things in him who strengthens me.—Philippians 4:13

In our previous lesson we studied the character and career of a mature man—Simon Peter. Today we have before us a young man—John Mark. This youth holds our attention chiefly because he has characteristics found in the average young

man. The way in which he finds himself is the experience of many a young person. His interests, faults and latent powers are all laid open before us as we try to reconstruct his career. A study of Mark, even if brief, is refreshing and assuring.

Our first glimpse of him is in the Garden of Gethsemane on that terrible night when Jesus was betrayed and taken prisoner. It appears that curiosity, a trait of youth,

led him there. Learning of what was going on and already in bed he hastily wrapped a cloth around him and hurried out. Even when the disciples had fled Mark remained in the garden until a soldier tried to seize him. He slipped out of his garment and fled also. One is justified in thinking that the impression of that tragic night always remained a vivid memory. Even though he acted cowardly, as did others, at least he was there to witness the arrest of our Lord.

Mark's Home
The lesson opens with a reference to the Christian home in which Mark was reared. His mother's home had become a rendezvous for the followers of Jesus. To this home Peter, coming from prison, found

"many were gathered together and were praying." Young Mark had the good fortune to live in a home where brave people gathered to strengthen themselves spiritually for a great adventure, the import of which they did not at the time understand.

Mark became an assistant. He was not a leader as were others in that select company to which was assigned the establishment of the infant church. But even if only an "assistant" he was in the company of great leaders like Paul and Barnabas. Mark's qualifications were not outstanding. Still, after he was tested and realized the service he could render, his life became increasingly fruitful. This should be a source of encouragement to any youth who has but ordinary abilities.

God can and does use such people in working out his plans. It is very essential that men discover the kind of service they can perform and then hold to that with tireless devotion.

Mark Turns Back
But Mark lacked perseverance in the early part of his career. Paul and Barnabas started on a missionary journey. Mark accompanied them but then left and returned to Jerusalem. . . . We do not know why he turned back from this important enterprise. He may not have been well; he may have been unaware of the length of time such a journey would take or the dangers that lay ahead. Whatever the reason the desertion caused Paul to (Please turn to Page 10)

ALMA MATER

Two Latin words, rich in sentiment! To some they awaken memories of ivy-covered halls. But to many more they recall happy days in the old country schoolhouse.

Literally, they mean *fostering mother*. And that's what a school becomes, a third parent, preparing her children for life.

But all of us need to realize still another "fostering" parent, The Church—the earthly tutor who reveals to men the love of the Heavenly Father.

We never graduate from the Church! Sometimes we play hookey for a while. But sooner or later most of us discover that there is no substitute for the spiritual "upbringing" the Church provides.

And that discovery is the most thrilling *commencement* in life, for with it begins man's achievement of the highest goals in living.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday School Lesson

By
Rev. Dr. Howard R. and Margaret C. Gold

JOHN MARK, WHO MADE GOOD
Acts 12:12, 25; 13:4-5, 13; 15:36-40
Memory selection: I can do all things in him who strengthens me.—Philippians 4:13

In our previous lesson we studied the character and career of a mature man—Simon Peter. Today we have before us a young man—John Mark. This youth holds our attention chiefly because he has characteristics found in the average young

man. The way in which he finds himself is the experience of many a young person. His interests, faults and latent powers are all laid open before us as we try to reconstruct his career. A study of Mark, even if brief, is refreshing and assuring.

Our first glimpse of him is in the Garden of Gethsemane on that terrible night when Jesus was betrayed and taken prisoner. It appears that curiosity, a trait of youth,

led him there. Learning of what was going on and already in bed he hastily wrapped a cloth around him and hurried out. Even when the disciples had fled Mark remained in the Garden until a soldier tried to seize him. He slipped out of his garment and fled also. One is justified in thinking that the impression of that tragic night always remained a vivid memory. Even though he acted cowardly, as did others, at least he was there to witness the arrest of our Lord.

Mark's Home
The lesson opens with a reference to the Christian home in which Mark was reared. His mother's home had become a rendezvous for the followers of Jesus. To this home Peter, coming from prison, found

"many were gathered together and were praying." Young Mark had the good fortune to live in a home where brave people gathered to strengthen themselves spiritually for a great adventure, the import of which they did not at the time understand.

Mark became an assistant. He was not a leader as were others in that select company to which was assigned the establishment of the infant church. But even if only an "assistant" he was in the company of great leaders like Paul and Barnabas. Mark's qualifications were not outstanding. Still, after he was tested and realized the service he could render, his life became increasingly fruitful. This should be a source of encouragement to any youth who has but ordinary abilities.

ties. God can and does use such people in working out his plans. It is very essential that men discover the kind of service they can perform and then hold to that with tireless devotion.

Mark Turns Back
But Mark lacked perseverance in the early part of his career. Paul and Barnabas started on a missionary journey. Mark accompanied them but then left and returned to Jerusalem. . . . We do not know why he turned back from this important enterprise. He may not have been well; he may have been unaware of the length of time such a journey would take or the dangers that lay ahead. Whatever the reason the desertion caused Paul to (Please turn to Page 10)

ALMA MATER

Two Latin words, rich in sentiment! To some they awaken memories of ivy-covered halls. But to many more they recall happy days in the old country schoolhouse.

Literally, they mean *fostering mother*. And that's what a school becomes, a third parent, preparing her children for life.

But all of us need to realize still another "fostering" parent, The Church—the earthly tutor who reveals to men the love of the Heavenly Father.

We never graduate from the Church! Sometimes we play hookey for a while. But sooner or later most of us discover that there is no substitute for the spiritual "upbringing" the Church provides.

And that discovery is the most thrilling commencement in life, for with it begins man's achievement of the highest goals in living.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

News From Littlestown

IN BUSINESS FOR 25 YEARS

W. H. Dern, 34 South Queen street, Littlestown, celebrated his 25th anniversary as a Littlestown merchant on Tuesday, September 5. A native of Frizelleburg, Carroll county, Md., and formerly engaged in harness business, Mr. Dern and his family came to Littlestown where he had purchased the former George Gitt building. He started in business at this location September 5, 1925, selling men's clothing and shoes where he continues to operate today. New lines were added from time to time, including a number of items for the ladies.

His line of goods today, in addition to men's suits, includes the Adam hat, International shoes for the whole family, Star Brand shoes, Ball Band rubbers, Arrow shirts, ties and underwear and Wembley ties for the men, and Seam Proof slippers, Gotham Gold Stripe nylon hose, Cannon nylon hose for the ladies and Jumping Jack shoes for the children.

The Dern building, in addition to Mr. Dern's store, includes a barber shop, a beauty parlor and two apartments.

Mrs. Dern is the former Malvia Marker, also a native of Frizelleburg. They are the parents of two children: a son, J. Marker Dern, Richmond, Va., and a daughter, Vivian, who is Mrs. Charles A. Snyder and resides at home. Mr. Dern is assisted in operating his business by Mrs. Dern and their daughter.

On the occasion of his 25th anniversary, Mr. Dern is offering a number of "Back to School" specials this week for the children.

Thinking of the Long Pull?

Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and through—a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive* if you like—and Dynaflo means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?
